

ROLLER'S *Mini-Ortem A*

German Top Quality

Robust, handy electric pipe cleaning device with automatic spiral feed and return for pipes up to Ø 50 (75) mm, for spirals Ø 8 and 10 mm

- For fast, easy cleaning of pipes, siphons, etc.
- Ideal for odour traps and narrow pipe bends. Spiral fits through sieves in washbasins and sinks.
- Compact design, comfortable weight, only 5.2 kg.
- Combined turning and holding handle for controlling the automatic spiral feed and return and for reliable guiding of the device.
- Spiral drum made of impact-resistant, glass fibre-reinforced plastic. Rubber seal prevents contamination of the environment. Ventilated interior for fast drying of the spiral.
- Hot galvanised, highly flexible and specially hardened pipe cleaning spiral with club head for easy progress and long life. With spring steel wire core, prevents the spiral being clogged with dirt.
- Proven, high torque drive unit with universal motor 230 V, 50–60 Hz, 600 W, continuous speed control 0 to 550 rpm, right and left-hand rotation, safety switch.
